

Let's All Go for a Ski!

SKIABILITY PROVIDES:

- Certified instructors who have been trained to work with skiers with different types of disabilities
- Adapted water ski equipment (sit skis, cages, modified handles, etc.)
- Regularly scheduled clinics in communities across Canada
- Experienced volunteers
- A fun, safe, supportive environment to learn about the sport and challenge yourself

Water Ski and Wakeboard Canada would like to see every Canadian, regardless of level of ability out on the water having fun. SkiAbility has been developed in co-operation with WSWC's provincial affiliates and local water ski clubs to introduce the sport of water skiing to individuals with a disability.

SkiAbility is a comprehensive clinic outreach program delivering clinics and lessons to water skiers of different ages, with different types of disabilities.

INTERESTED IN VOLUNTEERING?

Our local programs can always use a hand from folks to provide support in the areas of on-shore coordination, fundraising, administration, promotion and other related activities.

If you are interested in a fun, exciting, and safe activity to become involved in, please contact Water Ski and Wakeboard Canada or the program listed below to learn about a SkiAbility program near you.
